The Holiday activity and food programme is open to children receiving benefits related free school meals, and does not include the free meals that all children in reception, year one and year two receive at school.

Holiday club providers are also able to support children and families who may be in need of additional support this summer for a number of reasons. This may be a child looked after, where there is involvement with the family from social services, or where a child would struggle to have any other engagement with peers throughout the holiday. Please contact your chosen club to see if your child would be suitable.

The Holiday activities and Food programme is administered by Croydon Council on behalf of the Department for Education.

For further information, please visit
