# Introduction

Funded by the Department for Education, the Holiday Activities and Food (HAF) programme provides free holiday club spaces for children in receipt of benefits-related free school meals during the Easter, Summer and Christmas school holidays.

With the increased costs of food and childcare, school holidays can be a challenging time for some families. The aim of the programme is to ensure children have access to a safe space in the holidays, where they can participate in exciting activities as well as have access to a nutritious free meal.

**Open to eligible children and young people living or going to school in Croydon, our holiday programmes will offer:**

- **free, nutritious and tasty food every day**
- **fun daily physical activity sessions**
- **a wide range of exciting activities to suit different ages, personalities and abilities**
- **opportunities to learn more about healthy eating and nutrition**
- **opportunities for children and young people to socialise with their peers and make new friends**

**CROYDON**

## HAF Summer Programme

The HAF Programme returns for the 2024 Summer holidays – bringing children and young people across Croydon a range of fun, exciting activities, and a healthy meal every day!

This Summer, we are proud to have a variety of clubs up and running ranging from basketball camps, music workshops, multi-sport clubs, performance and arts camps, plus many more. Sessions will include a variety of fun activities and exciting opportunities for children and young people to learn and develop new skills.

All of our holiday clubs are inclusive and will cater for children with low-medium levels of SEN and/or disability, with a specialist SEN provision specifically catering for children with medium/high levels of special educational needs by offering dedicated 1 to 1 support.

## HOW TO BOOK?

Eligible children and young people are entitled to up to 16 days of provision over the course of the Summer.

Whilst this document gives an overview of the clubs running this Summer, more information about the activities available can be found on the HolidayActivities booking website.

To book a space onto a holiday club near you, all you will need is your unique booking code already issued to you by your child's school. From there, you will find all the information you need about our fantastic HAF clubs and the activities they will be offering, as well as the details required to register for a place onto the programme.

## SUPPORT

If your child is eligible for benefits-related free school meals but you haven't received a unique voucher code to book activities, please contact your child's school. These vouchers have been administered by the school, and you will need to ensure you should have received one. The school will also be able to support with finding your nearest provision, and booking on to camps where appropriate.

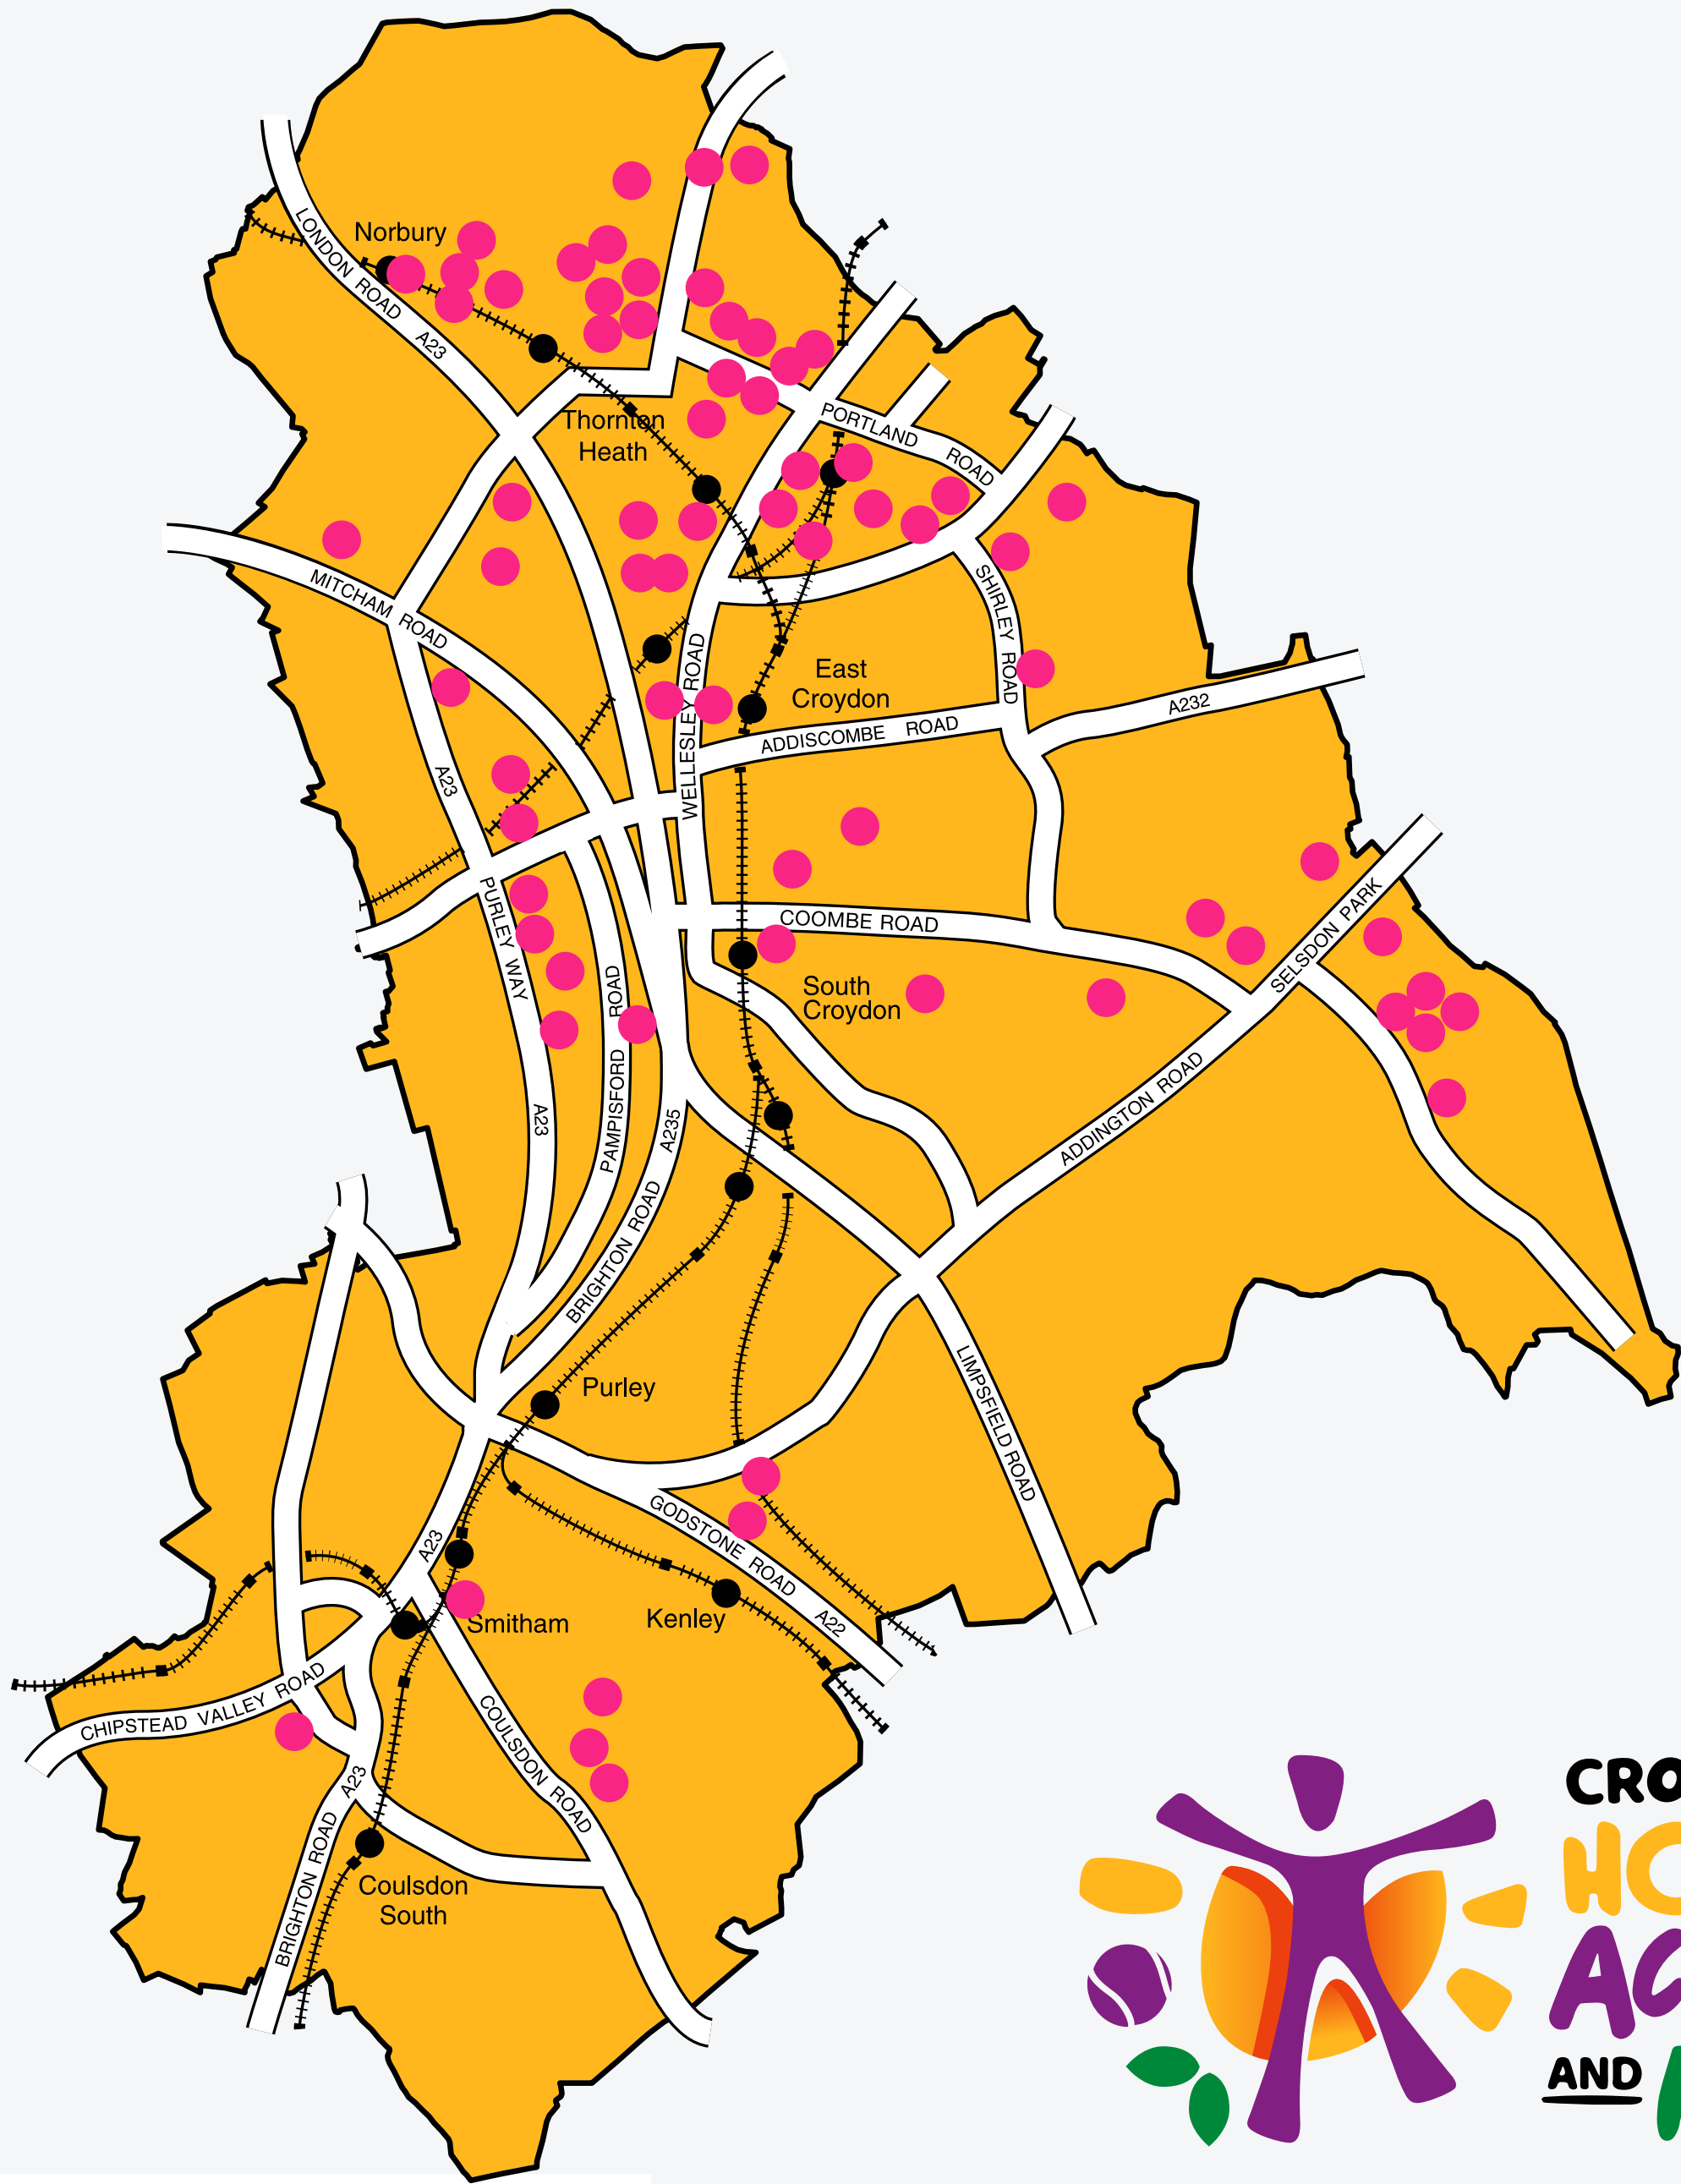

# Map of Summer Activities and where to find them

Always Focused CIC's Holiday Activities and Food (HAF) programme is a dynamic initiative designed to empower children and young people in Selhurst ward. Our program offers a diverse range of engaging activities, including interactive workshops, team sports, and educational sessions tailored to the unique needs of underprivileged youth aged 11-16. The activities aim to foster personal development, promote social well-being, and instill discipline through sports. Additionally, our HAF programme includes nutritional education, incorporating hands-on activities, cooking demonstrations, and taste-testing sessions to enhance awareness of healthy eating. Through this multifaceted approach, we strive to create a positive impact, providing a safe and empowering environment for eligible children and their families during holiday periods.

**Week 2 to Week 5 (Tuesday – Friday) 10am - 2pm**

John Wood Primary and Nursery Academy

Dartnell Road

Croydon

CRO 6JA

Age range:

**4-12**

Summary of activities:

Our programme, designed for children and young people, offers a dynamic blend of activities to engage, educate, and entertain. Focusing on holistic development, we provide a range of options including sports, arts and crafts, and educational workshops. Sports activities are tailored to enhance physical fitness and teamwork, while arts and crafts sessions foster creativity and fine motor skills. Educational workshops cover topics like healthy eating and environmental awareness, encouraging mindful living and personal growth. Additionally, we incorporate fun, interactive cooking classes where participants learn to prepare healthy meals, aligning with our commitment to nutrition and health. This well-rounded programme not only keeps children and young people active and engaged but also nurtures their overall well-being.

4-13

### Summary of activities:

This year our programme will focus on providing excellent nutritional and sporting enrichment activities for all families in Croydon. We are focusing on providing a fun, rich and diverse learning for families with children with mild neurodiversity. We will provide quality, inspiring educational experiences, which will include, a range of hands-on learning activities about the importance of good nutrition, through a balanced diet and exercise. This will include food tasting, food science experiments and candle and soap making, as part of our arts and crafts. We will allow your child to immerse themselves in lots of engaging sensory activities. This will be entwined with up to 2 hours of sports daily. We will provide breakfast and a hot lunch. We will also provide parents talks and workshops to support you to make the most of the family budget and provide valuable information.

8-16

Summary of activities:

We will provide a range of activities that will offer both physical and mental stimulus to children aged 8 to 16 years including gardening, limited computer games, healthy cooking, steel pan workshops, arts and crafts, board games as well as a quiet chill-out area. There will also be various other activities going on during the day which children and young people will be encouraged to take part in such Table Tennis, Athletics, Football, Dodge Ball and Biking Riding. Conscious of the benefits of physical exercise, each child and young person will take part in moderate to vigorous physical activity for a least 60 minutes a day to help them to strengthen muscle and bones, maintain a healthy weight and improve overall health and wellbeing.

Summary of activities:

The sports and arts camp provides a dynamic and inclusive environment for young participants, combining the benefits of physical activity and creative expression. Through a diverse range of sports activities, the camp promotes teamwork, discipline, and physical well-being. Simultaneously, engaging in artistic endeavors such as visual arts, drama, and music fosters creativity and self-expression. The camp not only enhances participants' skills in sports and arts but also cultivates a sense of camaraderie, personal growth, and a well-rounded development. Overall, it offers a unique platform for youngsters to explore their passions, develop talents, and form lasting friendships in an enriching and supportive setting.

The Science of Sound invites children aged 5-12 on an engaging journey into sound physics. Our range includes interactive workshops, special celebrations, after-school clubs, and holiday camps, designed to make sound science fascinating and hands-on. From exploring sound waves and hearing biology to understanding sound recording technology, we turn learning into an exciting adventure through demonstrations and experiments. Our goal is to ignite curiosity and instill a lifelong passion for learning, complementing the STEM curriculum. This program is an ideal enrichment for parents and schools aiming to enhance their children's education with innovative and interactive sound science experiences.

Age range:

4-10

Summary of activities:

Our camp will provide expert sports coaching to make sure children receive high quality physical activities. There will be various sports available e.g. football, basketball, hockey, kickboxing, gymnastics, dance and drama and yoga. Each of the sports has a coach that is trained and qualified to deliver the sport. Furthermore we want to ensure that children develop a love for reading and therefore we will start and end our day with a reading circle. Our games include healthy eating topics and we focus on the mental wellbeing and the regulation zones and how children can help themselves to regulate their emotions. Children will learn about sportsmanship and how to be part of a community and build a team.
