Schedule

It is intended to place a raised entry treatment in the carriageway in accordance with the Highways (Road Humps) Regulations 1999. As a guide the top of the entry treatment will be 8.1 metres long (measured on the north-west side) and 5.3 metres long (measured on the south-east side). The ramps will be 1.5 metres long. The entry treatment will extend across the width of the carriageway and be between 75mm and 100mm high with an approximate ramp gradient of 1:10. It will be placed in the following location.

Proposed Entry Treatment

- Bingham Road at its junction with Shirley Road
