i) Provision of Late Night Refreshment

Will the provision of late night refreshment take place indoors or outdoors or both? (please read guidance note 4) *

Both

Please provide further details. (please read guidance note 5)

The opening hours/hours authorised for late-night refreshment are to remain the same. The variation is to remove the current condition which restricts sales to drive thru only from 23:00 each night (condition 5). If approved, this variation would permit the indoor restaurant to remain open to customers for the licensable hours, enabling both drive thru and indoor service during those times.

State any seasonal variations for the provision of late night refreshment. (please read guidance note 6)

Please state any non-standard timings, where you intend to use the premises for late night refreshment at different times from the Standard days and times listed? (please read guidance note 7)

Adult Entertainment

Please highlight any adult entertainment or services, activities, other entertainment or matters ancillary to the use of the premises that may give rise to concern in respect of children. (please read guidance note 10)

Note: This application cannot be processed until the original licence is received or a statement as to why it cannot be returned has been accepted.

Licensing Objectives

Describe any additional steps you intend to take to promote the four licensing objectives as a result of the proposed variation:

a) General - all four licensing objectives (b, c, d and e) (please read guidance note 11)

As the Premises Licence Holder, we understand that in varying the Premises Licence to allow customer access during the hours for late-night refreshment (removing the drive thru only restriction), we have a duty to the local community and that we continue to protect our staff and customers from danger and harm. We believe that the systems we have in place are robust, thorough and will, as far as reasonably practicable, secure the promotion of the four licensing objectives. We are eager to continue to work in partnership with all responsible authorities to ensure the promotion of the four licensing objectives. We also seek to work with the local communities, whom we serve, in achieving a successful cohesion between our business operations and our neighbours.

b) The prevention of crime and disorder

We continue to work in partnership with the Police to prevent crime and disorder. CCTV We operate a robust CCTV Policy to ensure compliance with Data Protection Legislation and to assist the Police with the prevention and detection of crime. Signage reflecting that CCTV is in operation is displayed at the restaurant. We operate a digital motion activated CCTV system and images are retained on a hard drive system. All CCTV equipment is of a standard suitable to record images of a proper quality, meets the industry standard and has LGC Forensics or Kalagate Certification. As part of the digital system an alarm will sound if the equipment is faulty or not recording, thereby alerting management to the need to intervene. The CCTV system is regularly serviced by qualified maintenance technicians. The CCTV system shall continually record whilst the premises is open for licensable activities and during all times when customers remain on the premises. All recordings shall be stored for a minimum period of 31 with date and time stamping. Viewing of recordings shall be made available as soon as practicable

Licensing Objectives

	<p>upon the request of a Responsible Authority. Staffsafe A Staffsafe™ system with both audio and visual monitoring capability is installed in the restaurant. This system, can be activated by either fixed or mobile panic buttons. Once activated the system links the restaurant to an external monitoring centre capable of intervening to resolve crime and disorder issues and/or provide the appropriate advice or instruction to support and protect the restaurant's staff and customers. At this restaurant all shift managers have safety and security training; including Maybo SIA accredited Conflict Management Training. Delivery drivers Staff are trained in the management of delivery drivers and can escalate concerns as required.</p>
c) Public safety	<p>We will continue to work in partnership with the local Fire Service and Environmental Health Officer to ensure public safety. Door Supervisors The premises licence holder will carry out risk assessments as to whether or not door supervisors are required and act on the findings of those assessments. General This restaurant has safety systems in place to protect the safety of customers and staff at all times (such as Staffsafe). We work with the local Environmental Health Office and local Fire Service to ensure we are complying, as far as reasonably practicable, with relevant Health and Safety and Fire Safety Legislation. This restaurant is also subject to inspections from our own safety and security teams to ensure our systems are being maintained. All of our restaurant staff receive comprehensive safety training to ensure that safe working methods are adopted and all staff are trained on the restaurant's evacuation procedure in the event of a fire or other dangerous occurrence. This store operates a "No Open Alcohol Containers" policy to prevent persons carrying open alcohol into the in-store area. Promoting safety at night All staff members receive training on workplace violence. Additionally, all managers are trained to identify and address conflict, child sexual exploitation, and modern-day slavery. We strive to ensure that our restaurant is as safe as possible for all customers and staff. Furthermore, this restaurant utilises the Anti-Social Behaviour Workbook from McDonald's Restaurants Limited, which supports Managers in handling incidents and provides guidance on managing anti-social behavior.</p>
d) The prevention of public nuisance	<p>Litter Regular litter patrols are conducted whereby any McDonald's and general litter is collected. We are happy to act on recommendations from the Environmental Health Officer should they feel that we should extend our patrol to a nearby area, as far as this is reasonably practicable. All of McDonald's packaging displays the recycle symbol to encourage our customers to deal with their waste responsibly. Further details regarding McDonald's commitment to reducing waste and litter nuisance can be found at the "Our World" section of the McDonald's website: https://www.mcdonalds.com/gb/en-gb/our-plan-for-change.html Noise Where it is practical to do so we put measures in place to limit noise. Our restaurant has self-closing doors and we try to encourage our customers to be</p>

Licensing Objectives

e) The protection of children from harm

considerate to our neighbours and to limit noise both when ordering their food and on leaving the local area.

We do not anticipate that unaccompanied children will use the restaurant in the extended hour's period covered by this licensing application. We do however take their safety extremely seriously and will continue to employ the same practices to ensure that they are protected from harm at all times when visiting the restaurant.
