

Climate Action Forum – Oct 2026

- Climate Team

What will be covered today?

- New Revisions to Climate Action Plan
- LAEP Update
- Climate Adaptation
- Climate Ambassador
- Fresk
- Next priorities for Climate Team

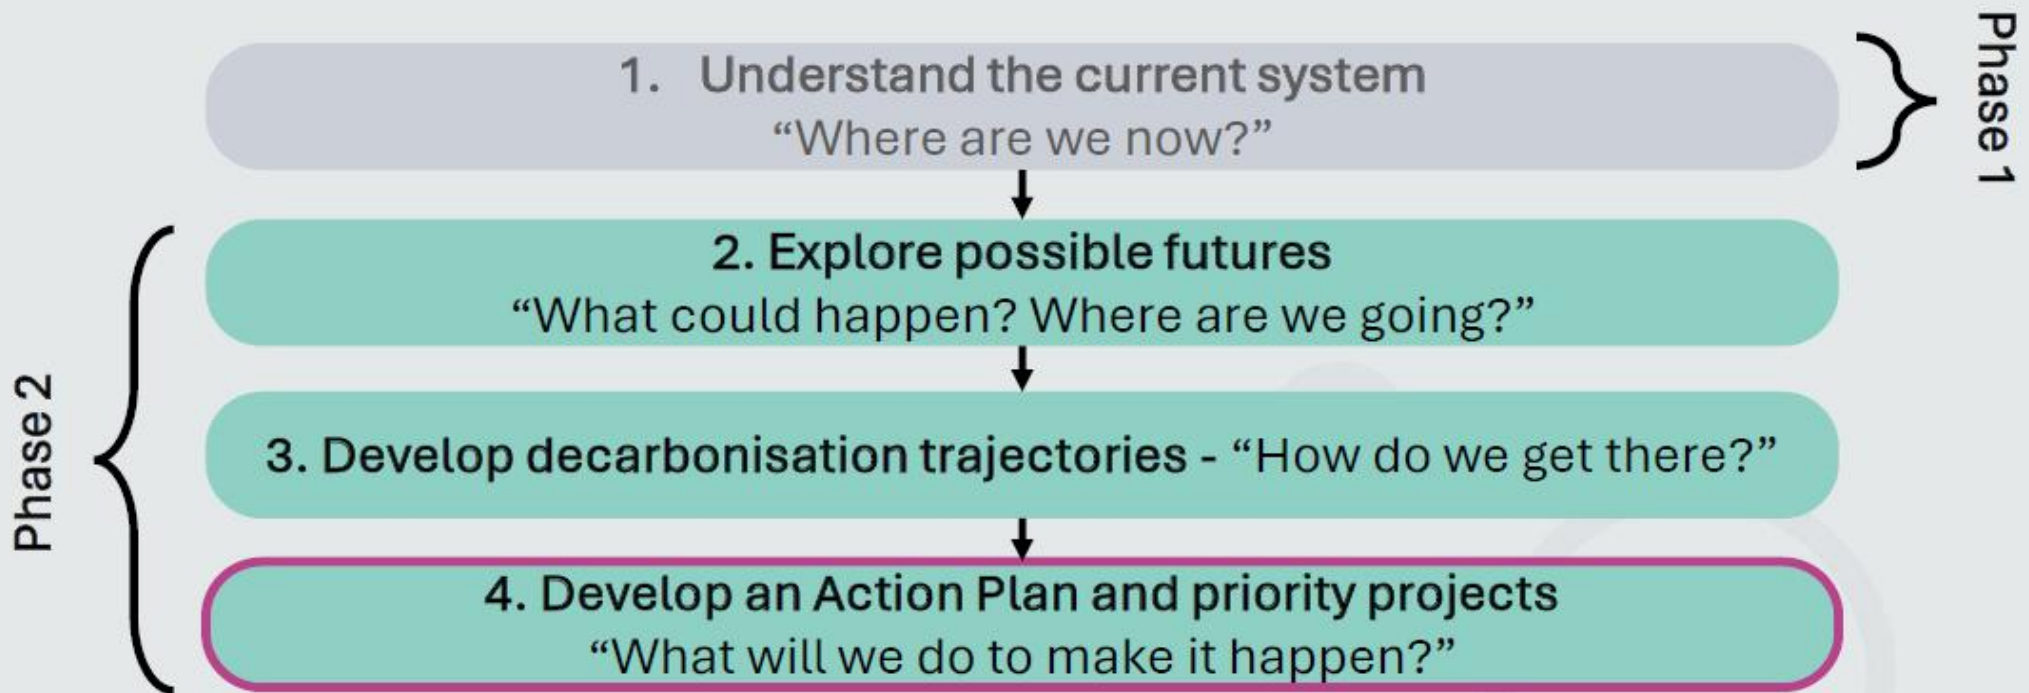

Revision to the Climate Action Plan

Croydon Local Area Energy Plan

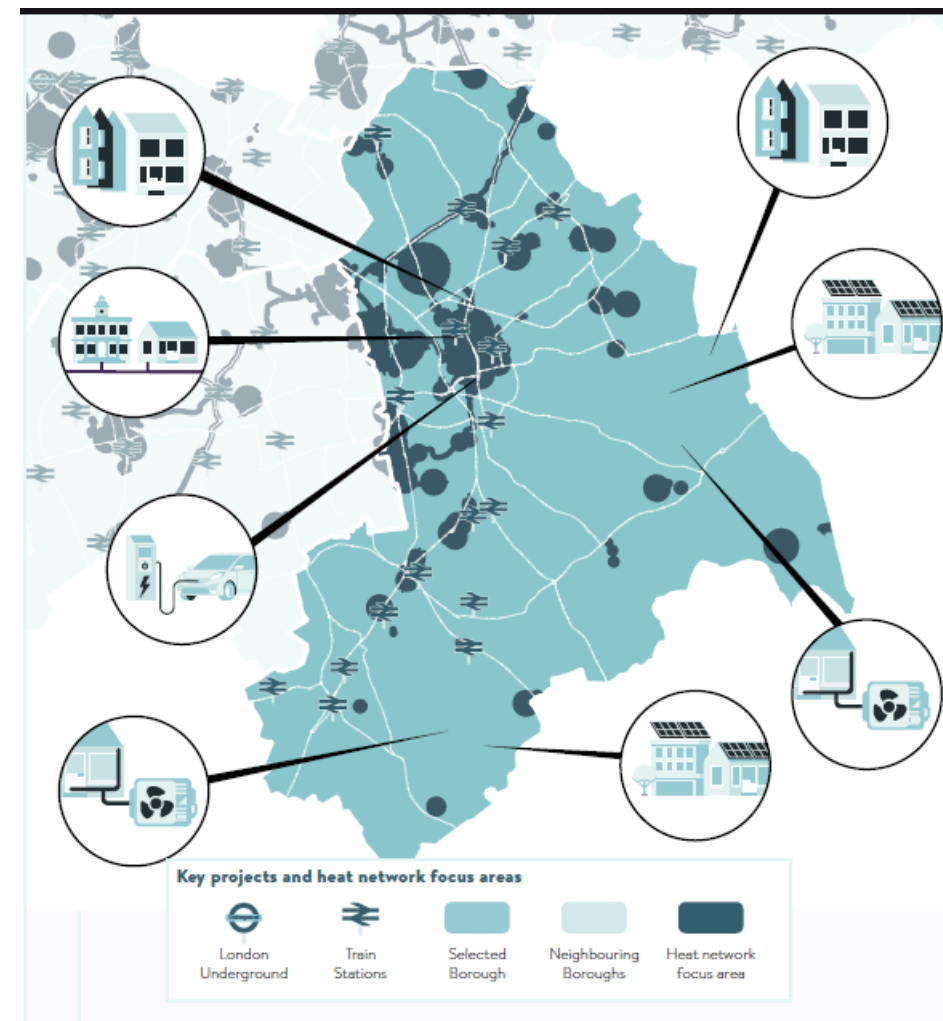

Project Purpose

- We are delivering Phase 2 of a Local Area Energy Plan, to look at how carbon emissions from the local energy system can be reduced across Croydon.
- The goal is to create a clear set of priorities for achieving a clean, low-carbon energy system by 2050.

Local Area Energy Plan

Technical and Data	Engagement
Comprehensive energy system modelling	External Stakeholders
Spatial and network analysis	Resident engagement
Submission to UKPN & Priority Projects	10 Mobilising Actions

Scoping for adaptation

Feasibility studies for adaptation opportunities

SUDS for schools

Climate Ambassador for Schools

- First cohort of Climate Ambassadors trained
- 8 schools have signed up

Opportunities: Your engagement with schools

Procurement

Since the introduction of environmental implications on procurement above £172k, the climate team has provided comments on the below procurement cabinet papers.

Procurement
Best Start in Life Family Hubs Procurement Strategy
Part A Postal Goods and Services Direct Award Without Competition
PSH Property Licensing Program
Asbestos Removal Contract

Climate Fresk
