PN391
CROYDON COUNCIL
ROAD TRAFFIC REGULATION ACT, 1984
SECTION 23 AND HIGHWAYS ACT 1980, SECTION 90C
PROPOSED ZEBRA CROSSINGS & ROAD HUMPS
AUCKLAND ROAD, UPPER NORWOOD

Croydon Council HEREBY GIVES NOTICE that they propose to introduce two zebra crossings and two sinusoidal road humps on the approaches to the crossings in Auckland Road, as specified in the Schedule to this Notice, to improve pedestrian safety, reduce vehicle speeds and improve visibility for road users.

The general effect of the zig-zag markings would be to prohibit all vehicles from stopping on the markings for any reason and to improve road safety by aiding pedestrians to cross safely. The zig-zag markings will replace the existing double yellow lines outside and opposite No.139 Auckland Road.

Persons desiring to object to the proposal should send a statement in writing of their objections and grounds thereof to the Order Making Section, Parking Design Team, 3rd Floor, Zone C, Bernard Weatherill House, 8 Mint Walk, Croydon, CR0 1EA or by emailing highways-traffic@croydon.gov.uk quoting the reference PD/Auckland Rd Zebra/H41 by 10 December 2026.

Further information on the scheme may be obtained by telephoning the Highway Improvement Team via 020 8726 6000 or by email to Highways-Traffic (email address above).

Schedule

Zebra Crossings & Sinusoidal Road Humps in Auckland Road
It is intended to place two zebra crossings and two sinusoidal road humps on the approaches either side of the crossings, in accordance with the Highways (Road Humps) Regulations 1999. As a guide the humps will be 75mm high. The crossings and humps will be sited in the following locations.

Zebra Crossing northeast of the junction with Sylvan Hill/Sylvan Road - The crossing point will be located outside No. 139 Auckland Road (20.2 metres northeast of the junction with Sylvan Hill/Sylvan Road, as measured from the centre of the carriageway). The zig-zag markings will extend for 17 metres northeast and 8.7 metres southwest of the crossing point.

Zebra Crossing southwest of the junction with Sylvan Hill/Sylvan Road - The crossing point will be located outside the car park to St John's Church (13.1 metres south-west of the junction with Sylvan Hill/Sylvan Road, as measured from the centre of the carriageway). The zig-zag markings will extend for 4.5 metres northeast and 17 metres southwest of the crossing point.

Sinusoidal Road Humps
The two humps will extend across the width of the carriageway and be located outside No.141 Auckland Road (42.2 metres northeast of its junction with Sylvan Road/Sylvan Hill, as measured from the centre of the carriageway), and outside the car park to St John's Church (35 metres south-west of the junction with Sylvan Hill/Sylvan Road, as measured from the centre of the carriageway).
