PN392 - CROYDON COUNCIL
ROAD TRAFFIC REGULATION ACT, 1984
SECTION 23 AND HIGHWAYS ACT 1980, SECTION 90C
PROPOSED RAISED ZEBRA CROSSING & SPEED HUMPS
HERMITAGE ROAD, UPPER NORWOOD

Croydon Council HEREBY GIVES NOTICE that they propose to introduce a raised zebra crossing and two sinusoidal road humps on the approaches to the crossing in Hermitage Road, as specified in the Schedule to this Notice, to improve pedestrian safety, reduce vehicle speeds and improve visibility for road users.

The general effect of the zig-zag markings would be to prohibit all vehicles from stopping on the markings for any reason and to improve road safety by aiding pedestrians to cross safely. The zig-zag markings of the crossing will replace the existing School Keep Clear marking.

Persons desiring to object to the proposal should send a statement in writing of their objections and grounds thereof to the Order Making Section, Parking Design Team, 3rd Floor, Zone C, Bernard Weatherill House, 8 Mint Walk, Croydon, CR0 1EA or by emailing highways-traffic@croydon.gov.uk quoting the reference PD/Hermitage Rd Zebra/H38 by 10 December 2026.

Further information on the scheme may be obtained by telephoning the Highway Improvement Team via 020 8726 6000 or by email to Highways-Traffic (email address above).

Schedule

Raised Zebra Crossing & Sinusoidal Road Humps in Hermitage Road
It is intended to place a zebra crossing on an existing raised table in the carriageway, and two sinusoidal road humps on the approaches either side of the crossing, in accordance with the Highways (Road Humps) Regulations 1999. As a guide these will be 75mm high and in the following locations.

Raised Zebra Crossing - The crossing point will be located outside Priory School, adjacent to the junction with Wicks Way. The zig-zag markings will extend for 17 metres either side of the crossing point on the northwest (school side) of the road, and for 17 metres northeast and 9 metres southwest of the crossing point on the southeast (residential property) side of the road.

Sinusoidal Road Humps - The road humps will extend across the entire width of the carriageway and be located at the common boundary of Nos. 102 and 104 Hermitage Road, and outside No. 80 Hermitage Road.
