Foreword: Councillor Oliver Lewis Cabinet Member for Culture, Leisure and Sport

Croydon's libraries are devoted to the education, enjoyment and wellbeing of our communities.

Croydon is changing and so are our libraries. We need a modern, flexible, and efficient library service that can adapt to meet the needs of all our residents in line with the transformation of our ever-evolving borough.

This is an ambitious ten year plan, which sets out the vision for our libraries and introduces a transformational programme of work that will ensure Croydon's network of thirteen libraries are fit for the future and serve the changing needs of our communities, including the development of a flagship library within the Croydon Clocktower complex.

At the heart of any library is the written and spoken word. Successful libraries also play a vital role in promoting health and wellbeing, supporting people into work, increasing educational attainment, improving digital skills, bringing individuals and communities together and celebrating creativity and culture.

Our libraries already receive nearly 2 million visits a year. And half of these visits are for access to IT, events or other activities. This plan sets out how we will develop both the core library service and our library buildings as vibrant community and cultural hubs. In doing so we aim to:

- **Inform** communities with books and services that meet their needs;
- **Involve** our communities through volunteering opportunities
- **Inspire** people through the information and opportunities available to them
- increase the usage of our libraries and resources;
- attract more young people and those of working age, who traditionally, are less likely to use libraries;

Our libraries will be modern, welcoming spaces where people of all ages and backgrounds come to learn, read, work, meet people and get involved.

We will increase the number of physical and digital books and resources available.

We will provide a programme of events that encourages creativity and celebrates culture.

Our libraries will help residents find the information and support they require within their local community and will play an important role in the council's localities approach – connecting residents with relevant local services.

We will support education and pathways into employment by expanding our homework clubs, job clubs and digital zones, helping residents to engage with the changing working and learning environment.

Our libraries will cater for the digital age by providing modern IT and supporting the development of digital skills. We will use technology and mobile apps to give access to our libraries and the services outside of core hours.

We will develop and improve our volunteer programme and our partnerships with the voluntary and community sector to encourage more people of all ages to get involved and shape their local service.

Ultimately, we will achieve all this by working with our communities and partners across the borough. Our ambition is for libraries that inform, involve and inspire. I look forward to working with all of you to deliver this exciting and ambitious plan.

THE BEES' SUPERHEROES

Bees are very hard workers. They fly from flower to flower and pollinate them. Without the bees, many of the plants we eat would not grow. Bees also make honey.

Beehive: a bees' nest is comparable to a bird's nest. Bees have a purpose to protect the queen. The beehive's internal structure is made of wax cells. Bees use these cells to store honey and to raise their young.
