

Croydon Council - Cross Sections of Consentable Activities

Note: This document should be used as a guide only. Final decision on requirement for consent will be issued by Croydon Council upon enquiry for individual cases.

Pipe Culvert (including extension and removal of) **Consent Required** under Section 23 1(b & c)

Oversized Box Culvert (including extension and removal of) - **Consent Required** under Section 23 1(b & c)

Trash Screens - **Consent Required** as it is an alteration to a culvert and has the potential to obstruct flow

Bank Protection Works - **Not Consentable** under LDA 91 (temporary works may require consent)

Pipe Crossing (in channel) - **Consent Required** under Section 23 1(a)

Pipe Crossing (above bank) - **Not Consentable** under LDA 91 as it does not interfere with flow

Pipe Crossing (below bed) - **Not Consentable** under LDA 91 as it does not interfere with flow (temporary works may require consent)

Protruding Pipe Outfall - **Not Consentable** under LDA 91 as it will not act like a dam/weir or like obstruction

Outfall within Bank profile - **Not Consentable** under LDA 91 as it does not interfere with flow (temporary works may require consent)

Weir/Dam or impoundment or temporary works that obstruct flow - **Consent Required** under Section 23 1(a)

Bridge (where soffit level is below bank top level) - **Consent Required** under Section 23 1(a) if it has the potential to affect flow

Bridge (abutments protruding but not reducing flow area/width) - **Not Consentable** under LDA 91 as does not interfere with flow

Bridge (Abutments restricting flow) or Flume - **Consent Required** under Section 23 1(a)

Clear span bridge - **Not Consentable** as it does not interfere with flow

Bridge with support in channel - **Not Consentable** under LDA 91 as it will not act like a dam/weir or like obstruction. Need to consider size of pier against size of watercourse, but would want to discourage the use of a pier in the watercourse

Note: "flow" should be determined as bank full flow conditions
