

## Nature conservation grants 2012-13

The grants were funded by the department of Development and Environment. They aimed to support nature conservation activities in the London Borough of Croydon that would contribute to one or more of the following outcomes

- increased community involvement with nature conservation projects
- increased community awareness of nature conservation projects
- improved, enhanced or protected bio-diversity on sites
- improved access to Croydon's parks and countryside
- increased enjoyment of Croydon's parks and countryside
