

Directory of Tree Contractors

Directory of Tree Contractors

The following is a list of tree works contractors who regularly carry out work in the local area. Although it is understood that they carry out work to a reasonable and professional standard, the Council in no way approves or endorses these contractors. It is the responsibility of those employing the contractor to ensure that they are adequately insured and that their work is of the standard required. It is suggested that more than one quote is obtained.

If the tree is subject to a Tree Preservation Order or within a Conservation Area it is likely that permission will be required from the Local Authority before carrying out any tree works. Any application form for permission to prune or fell trees subject to a tree preservation order or in a conservation area can be obtained from: Trees and Enforcement Section 020 8726 6800 Ext 62048 and 62045.

For advice on street trees, trees in parks and on council land please contact: Trees and Woodland Section 020 8726 6000 Ext 62025, 62387 and 62162.

A further list of contractors and consultants can be obtained from: The Arboricultural Association; The Malthouse, Stroud Green, Standish, Stonehouse, Gloucestershire, GL10 3DL, 01794 368 717, www.trees.org.uk
